SUPPLEMENTARY INFORMATION:

Background: The Secretary of Transportation (Secretary) is authorized to require marking of vehicles and intermodal equipment by motor carriers, freight forwarders and intermodal equipment providers (IEPs) engaging in interstate transportation based on the authority of 49 U.S.C. 31133(a)(8) and 31133(a)(10). The Secretary has delegated authority pertaining to the marking of commercial motor vehicles (CMVs) pursuant to 49 CFR 1.87(f). The Agency's regulation governing the marking of CMVs is codified at 49 CFR 390.21.

Vehicle marking requirements are intended to ensure that FMCSA, the National Transportation Safety Board (NTSB), and State safety officials are able to identify motor carriers and correctly assign responsibility for regulatory violations during inspections, investigations, compliance reviews, and crash studies. These marking requirements will also provide the public with beneficial information that could assist in identifying carriers for the purposes of commerce, complaints or emergency notification. The marking requirements apply to motor carriers, freight forwarders and intermodal equipment providers (IEPs) engaging in interstate transportation. The Agency does not require a

specific method of marking as long as the marking complies with FMCSA's regulations.

The program change decrease of 76,751 estimated annual burden hours (774,249 proposed estimated annual burden hours – 851,000 approved estimated annual burden hours) is due to adjustments in respondent and response estimates, as well as the removal of initial marking burden from the adoption of the “Lease and Interchange of Vehicles; Motor Carriers of Passengers” final rule.

Title: Marking of Self-Propelled CMVs and Intermodal Equipment

OMB Control Number: 2126-0054.

Type of Request: Renewal of a currently approved collection.

Estimated Time per Response: 26 minutes [12 minutes to affix DOT Number + 14 minutes for affixing a carrier's name = 26].

Expiration Date: August 31, 2018.

Frequency of Response: On occasion.

Estimated Total Annual Burden: 774,249 hours spent by motor carriers and IEPs marking CMVs with a DOT number and carrier information.

PUBLIC COMMENTS INVITED: You are asked to comment on any aspect of this information collection, including: (1) whether the proposed collection is necessary for the performance of FMCSA's functions; (2) the accuracy of the estimated burden; (3) ways for FMCSA to enhance the quality, usefulness, and clarity of the collected information; and (4) ways that the burden could be minimized without reducing the quality of the collected information. The agency will summarize or include your comments in the request for OMB's clearance of this information collection.
